

What others are saying:

"I went from a 2.8 to a 3.8 GPA and now enjoy hard work."

Joseph Wright, junior high student

"I am making outrageous grades—even my teachers are making comments. I now have a new meaning in my life and am motivated to study out of my love for God."

Brooke Phelps, high school student

"I was terrified of my final exams, but after just one coaching session, my fear turned to faith and I passed my exam and passed with distinction, an award not given by my department in years!"

Megan, American University

"As a parent, I have been freed from worry." Marsha K.

Meet your Master Coach

Your master coach, Veronica Karaman, is a certified life coach with Transformational Leadership Coaching, Inc. For the last 20 years, as an educator, speaker, and professional golfer, Veronica has used her athletic training in peak performance along with her biblically based program, God's Way to an A, to train over six thousand champions in academic and life success.

A graduate of Duke University, Veronica also received two masters degrees from Regent University in Communication and Biblical Studies, both summa cum laude. She is the recipient of numerous scholarships and awards, including Trinity College's Genuine Hero Award and Regent University's Most Outstanding Student Award. Her career highlight in golf was playing in the 1989 U.S. Open. Her passion is to inspire and equip true champions in the classroom and in life.

Academic Champion Coaching

Get your
breakthrough to:
Outrageous grades
Unexplainable joy
Lasting motivation

In every student is a
champion!

What is Academic Champion Coaching?

Academic Champion Coaching is a relationship based approach to unlocking a student's motivation to achieve maximum academic success.

Much like the way an athletic coach works with an athlete to reach peak performance, an academic coach focuses on unlocking the learning potential of a student.

The Academic Champion philosophy embraces the belief that the answers to unlocking a student's motivation and potential lie within the student.

Through a transformational conversation, the coach asks powerful questions to help the student become aware of underlying roadblocks as well as positive motivational desires within.

Once the students' issues, goals, and desires are identified, the coach develops a customized academic champion formation plan based on the student's individual and unique needs.

The coaching process starts from the student's point of need academically, spiritually, relationally, and emotionally—and moves the student forward to the next level of academic achievement. The plan is worked out through a dynamic and powerful partnership between the coach, the student, the parents, and God. The student is given the support, encouragement, and accountability he needs to succeed and eventually soar through this support system and clear coaching process.

A four pronged approach

The Academic Champion Coaching process involves a four pronged approach:

1. Instilling of Academic Champion mindsets for peak performance
2. Creating positive parental/family relationships
3. Addressing motivational issues and the building of confidence,
4. Stimulating spiritual growth.

The goal: transformation!

Two attributes distinguish champions from other achievers: 1. focus and 2. passion. The goal of Academic Champion is to form within the student the identity of a champion—filled with focus and passion. It is to empower the student to be motivated from a place of identity, not duty or drudgery, demonstrating a level of performance that far exceeds all set expectations.

Available programs

Working in conjunction with the individualized coaching plan, Academic Champion Coaching is based on a 7 lesson proven curriculum that trains students how to achieve the highest form of motivational excellence through a spiritual foundation. Three developmental programs are available:

1. The Awakening Achiever: Getting on Track
2. The Rising Eagle: On the Road to Championship
3. Soaring Champion: Academic Victory Overflow

In these programs students will develop their own equation for personal success, establish dedicated study routines, accountability and reward systems, become motivated from the heart, improve at least

one grade at each level, and apply champion mindsets that create success for academics and life.

To sign-up:

Each coaching program requires a 3 month commitment based on one hour coaching sessions per week for twelve weeks. Students begin with Academic Coaching I and then proceed to II and III. Students can enroll in one, two, or all three phases. Individual coaching-as-needed sessions are also available. Parents play an active roll in the process and frequently attend the sessions with the student. Adult students can take their coaching sessions by phone.

Fees:

\$320 a month for 3 months. (\$80 a session) plus materials fee of \$80 (200 page study manual and 8 tape audio series). Inquire about specialized programs such as FORE! Academic Success, combining golf instruction, study skills, and academic champion development.
